

*Merry Christmas
and
Happy New Year*

Dear MCCS Families,

December 22, 2020

Our students have started their First Term Exam since a week ago with Orals, MCQ and written exam on 17th. It has been a long waiting, to get back to school for regular schooling; unfortunately everything is still bleak and uncertain. However, the news says school will open from January 1st 2021, for 10th and II PU and after 15th Jan, they may decide for rest of the classes. We cannot rely on any of this information as far as the parents are concerned about the health and wellbeing of their children and give consent to send them.

I have posted a mail the other day regarding our School Inspection for the CBSE Affiliation which is scheduled for Wednesday, 23rd December. We are anxious as well as excited too, for this has been a year long process. I would like to thank all the members of various School Committees for their support and also all the teachers especially the coordinators and office crew for their tremendous patience and hard work to get this platform ready. Our students are also part of it as being helpful by completing all the projects and submitting them on time. Classrooms look awesome! I will post the video after inspection.

This year we missed our students' Christmas Performance. You can look forward to a Carol singing program soon by our teachers. **Please note, Christmas Holidays from Dec 24 to 27th. The First Term Break from Dec 28th to Jan 3rd 2021. Classes resume on January 4th 2021.**

May you have a season of Christmas with relaxation, fun, good cheers and food, lights, decorations, gifts, sharing, caring and loving. May the New Year 2021 bring you peace, good health, love, joy and happiness. May you enjoy a safe environment free from fear, anxieties, insecurities, worries, troubles and Pandemic decease to live and enjoy the freedom as children of one God!

Have a relaxing and enjoyable holidays! Stay blessed!

Sr. Beena, Principal
