

Mount Carmel Central School

October 2019

Dear Families,

I would like to start this letter with a word of appreciation and gratitude for all the cooperation and support in encouraging your child to perform well in all their Assessment Tests. It was good to see all the parents at the Parent Teacher Conference. However, a few of them could not make it and rescheduled for another day. Hopefully, everyone has received the Achievement Record.

Thank you for stopping by the office to see me. I have taken a note of all your concerns and suggestions and I am working towards implementing it whatever is needed, to enhance your child's academic progress.

We shall continue to move forward in the right direction effectively. The children are awesome and they bring joy to this campus. I appreciate your parenting skills which have helped them to adjust and enjoy learning and other activities in the environment of this new school building. Whoever needs to be more vigilant to reinforce the work habits, study skills, and behaviour of your child have been spoken directly by the class teacher at the meeting. Please, work with them that they may improve in the next Semester. As you are our stakeholders and your input is valuable for the growth of your child and betterment of our mission in the field of education.

Discrepancy in school attendance : Parents it is brought to our notice that some of you do not send leave letters along with your child for her absence from her classes or tests which is not acceptable at Mount Carmel. Our Handbook that every one of you have, clearly states that a child must attend all her assessment tests unless very sick and has a medical certificate to prove her inability to attend school, but a few of you have taken it very lightly and give very vague reasons as to

attend functions, going out of town and so on. Kindly go through the rules and regulations mentioned in the school Handbook carefully again with an intent to follow it.

The Classical dance classes has been cancelled due to insufficient student enrolment. Those who have paid money. Please collect it from the office by end of Nov 23rd.

Christmas Holidays : This holidays has been cut short due to insufficient working days and the holidays will be from 21st Dec to 1st Jan. We will reopen on January 2, 2020 (Thursday).
